The Revenue Secretary &
the Chief Commissioner of
Lucea

Sir

In acknowledging the receipt
of your Docket No. 1944/86 dated 5th
instant, asking to furnish informa-
tions on the several points noticed in
the Chief Commissioner's Proceedings
No 487/86 of the 26th April last, I have
the honor to inform you that only 3/4
of the income anticipated to be realized
under the head "Tobacco" is entered in
the Current year's Budget.

2 Adverting to para 6 of the above
proceedings, I beg to state that steps
have already been taken to revise
the Hobaturfa tax on houses in the
Town, and the result thereof will
be communicated as soon as the required
informations regarding the rental
of houses, are ascertained.

3 With reference to para 7 of the
said

that the Budget was prepared prior to the appointment of Mr O'Connell as Inspector of the Unpaved Town Police on Rupees 170, therefore Rs 190 which Mr Stuart was drawing, was entered in the Budget and the difference will be a savings. The Board resolved at its meeting held on the 15th Ultimo that no reduction could be made in the Town Police Estt.

4 With reference to para 9 of the Proceedings quoted above, I beg to state that the system of sanitary Inspectors for Mohallas, introduced at the suggestion of Mr Gordon, has worked so well that the Board resolved at its meeting held on the 12th June 1866, that it should be continued.

5 With reference to para 10 of the Proceedings under report, I beg to inform you that the present Estt of Carts, Sweepers, Totes, Chungoolis & Lamatis, would have proved quite insufficient, had not a considerable portion

heaps daily accumulated in streets & lanes been to a great extent removed by the neighbouring Villagers. Under the above circumstances, the Board is of opinion that the additional estt sanctioned in the Current year's Budget, is necessary to secure the Cleanliness of the Town.

6 The number of lamps lit during the year 1879-80 was 164 & Rupees 2625-6-7 was spent under the head Lighting as detailed in the margin. The number of these lamps were increased to 201 from the Commencement of the Current year & it is proposed to increase by 50 more at once.

Pay of 10 Lighters	598-12-4
Oil &c	1629-15-7
Lamp posts. 32	194-11-"
Lanterns & Burners.	202-"-"
Total	2625-6-7.

7. The amount viz Rs 500 entered in the Current year's Budget under the head "Other Miscellaneous items" is to cover the Charges of entering paupers.

The Board having assembled, the Proceedings of the Chief Commissioner No 1757-78 under date the 26th June 1880 are read.

I. In pursuance with the views expressed as to the advisability of the abolition of octroi on minor items, the Board resolve to discontinue the levy of duty

on

in oil, oil seeds,
and chinam which
them yield only
in the year.

II. With reference to the
nation passed on the &
to which the Board is
placed by the
of a Municipal Coercer
Rs. 30 per mensem, it is
that the appointments of Over-
seer and District
Clerk might be advantage:
ously merged into one
a saving to the Board of
Rs. 10-0-0 per mensem,
they bear, as is only fair, a
moiety of his pay, which it is
proposed to fix at Rs. 40-0-0
so as to secure the services
of a competent man, who can
prepare plans and Estimates
and supervise and measure
up works. The Board at
the same time desire to re:
present that Government
be moved to order some
provision being made for
Labapathy Mudaliyar,

has

has 18 years' service, by direct-
ing that he should revert to
his former appointment as
Record-Keeper, and that the
first vacancy should be given
to Shama Rao District Muni-
:cipal Clerk, who has also done
good service.

III. With reference to the in-
:crease of pay proposed to
the Municipal Mutsuddy,
the Board respectfully re-
:present that Rs. 9 per mensem
is obviously inadequate to
secure the services of a trust-
:worthy man, and that the
work of the present incumb-
:ment Shanmanayya, who
has been nine years in the
service of the Board, has
much increased since the
number of articles on which
octroi is leviable has been
raised. It is not possible
for the Shanboque to under-
:take the duty, as he has large
land revenue collections
to make. By the present

arrangement

the
subordinate official
is available also for
work when required.
to the increase of pay from
Rs. 9-0-0 to Rs. 12-0-0, as pro-
vided in the Budget, is
the requested.

IV. With reference to the
proposed expenditure of the
money acquired by the sale
of sites on a market, the Ex-
ecutive Engineer having re
presented that the site select
ed at the entrance of the
town is not suited for the
purpose, as it is composed
of made earth, and more
money being needed to c
ary other works which have
been decided upon, the Boar
propose to utilize the Rs. 1,000
allotted for the purpose in
the Budget as follows.

Rs. 334-0-0 additional, for the
road across the
ditch near the jail,
as per estimate for
Rs. 534 prepared by
the Executive Engineer

and

add now submitted for sanction

Rs. 265-- additional, for Enclosing the Talai Garden, as per Executive Engineer's estimate for Rs. 465-- also submitted for sanction.

Rs. 390-- for the construction of a feeder to Motati's pond near the cart stand. (Estimate will follow.).

Rs. 80-- for the entertainment of two more sweepers who are needed for the Petta and Agrahara

Rs. 21-- for compensation.

Total Rs. 1,000--

V. With reference to the remark made as to the fee of 3 pie per sheep and 1 anna per bullock payable to the Kazi on animals slaughtered, it may be observed that such fee is payable by native

custom

to the Kazi,
other
is proposed that he
engage to prevent any
animals from being
fed.

VI. The Board avail
selves of this opportunity
represent again the
inconvenience to which
community is placed by
the abolition of the Ft
Depôt at Shaxian and
closing of the Government
Forests in the vicinity of the
town, and to request that
matter may receive the
consideration of the Chief
Commissioner. The
people are also thereby de
prived of the source from
which they used to draw for
merly their supply of fuel.

VII. Read application
from Kazi Mohamad for
a small strip of land
opposite his makan for the
purpose of building a Musa
Sarkhana for the use of
Mahomedans

Mahomedan travellers, and praying that an Exchange of the ground at the back may be arranged with Puttanna the owner who objects to part with it as forming part of the backyard of his house.

The Board agree to making over the strip of land for the purpose, but on the proposal that the Chief Commissioner be moved to acquire the land held by Puttanna by the Land Requisition Act, it was negatived by 5 to 3

VIII. Proposed that since Varadayen Row a member of the Board has died, his son Rama Row may be appointed in his stead, and that Shamanna and Mulla Shetty be also invited to join the Board as being respectable and influential inhabitants. Carried

IX. Resolved further that the members should be Empowered to give written instructions to the Overseer concerning

any petty
the roads that may
in their wards
concerning the
of nuisances.

X. Read application
the cloth merchants obj
to the levy of duty on
piece-goods, on the ground
that it injures the trade o
the town and is evaded
by the opening of shops in
the surrounding villages an
by hawkers who visit them

The sum realized
the octroi on this item is so
large that the Board is no
in a position to abolish the
duty, though it must be ad
mitted that it acts injurious
ly for the interests of the
and that direct taxation is
preferable.

XI. Read petition from
Jivanji, Edana, Varnia
and others objecting to
differential duties on piece
goods, and praying that in
lieu of 5 per cent on country
cloth

cloth from Her Majesty's terri
tory, a duty of 2 or 3 per cent
may be charged on all cloth
alike, whether from Her
Majesty's country or not,
as the interests of the towns.
people who have to pay the
tax should be consulted.

The Board concurs in
the soundness of the argu:
:ment used, but defers taking
any action in the matter
consequent on the recent
order of the Chief Commis:
:sioner, in which the levy of
duty on Mysore made
cloth is objected to.
